

Didn't quite get the **OP** you **NEED**?

Don't spend YEARS at Tafe doing a Diploma when you can complete the same qualification with us in half the time!

HOW DOES IT WORK?

ELIGIBILITY

- If you are currently completing year 12 and don't think you will achieve the OP you need, or may not meet the English requirement necessary for University - then this option is for you!

ENROLMENT PROCESS

- Once you or your parent or guardian contacts us with an expression of interest, an enrolment form will be sent out which needs to be completed and signed by both parties. It's as simple as that!

Here's how you gain entrance into university **without** a great English score....

A completed Diploma meets the English requirement for University and equips you with a QTAC Rank score of 82* (OP equivalent 10). In addition, a Diploma may also provide valuable credits towards your desired degree.

Take a GAP year and earn while you learn!

Take the opportunity of working while completing a CERT IV and DIPLOMA in BUSINESS in as little as 6 months! (based on 4 days per week at college).

Once you have completed your Diploma you may like to enrol with QTAC for mid semester entry in July** or continue to work for a full GAP year experience and enrol with QTAC by the end of September for entry into University at the start of the following year.
